Md Asaduzzaman

Full Stack Web Developer | MERN Stack (MongoDB, Express, React, Node.js) | Creating Modern Websites
Dhaka, Bangladesh

Summary

Passionate Web Developer skilled in modern technologies like React, JavaScript, HTML5, CSS3, and Node.js. I love turning ideas into clean, responsive, and user-friendly web applications.

Currently exploring Next.js and building real-world projects
Completed several client-side projects (e-commerce, tourism websites, dashboards)

Strong focus on writing clean code and creating great user experiences

Looking for opportunities to contribute and grow in a professional environment.
